Objective

I am currently searching for opportunities to apply the knowledge that I have been able to acquire during my time in DMIT's Web Development Program at NAIT. If given the chance, I believe that my ability to quickly learn new things coupled with good organizing abilities will enable me not only build but also design websites that are both well attractive to look at as well as easy use by anybody browsing through them.

Skills & abilities

HTML, CSS, JavaScript, PHP, WordPress, MySQL, Bootstrap, Tailwind, Figma, Adobe Photoshop, Adobe Illustrator.

Developing multi-page websites with user-friendly functionality, seamless navigation, visually appealing design, and interactive elements. Proficient in constructing responsive navigation systems, implementing forms, and incorporating media queries for optimal viewing across various devices.
